

GRIPPLE

The Gripple Plus range allows for joining, tensioning and repairing of wires, eliminating the need to tie and knot wires and ensuring the integral strength of the fence is never compromised. The patented push-fit system utilises ceramic rollers to actively grip the wire while under tension, while also allowing for additional tension to be applied at any time.

- Join and tension in one.
- Faster than tying and knotting wires.
- Saves time and money in labour.
- High load holding .
- High grade ceramic roller for optimum corrosion resistance.
- Adjustable and can be re-tensioned year-after-year.

Type	Wire size	Maximum	Packet Qty	Box Qty
Small Gripple	1.40-2.20mm	300kg	20	300 Gripples (15 Packs)
Medium Gripple	2.00-3.25mm	400kg	20	200 Gripples (10 Packs)
Large Gripple	3.25-4.20mm	600kg	10	120 Gripples (12 Packs)
Jumbo Gripple	2.50-3.15mm	600kg	10	120 Gripples (12 Packs)
Barbed Wire Gripple	2.00-2.50mm	150kg	10	120 Gripples (12 Packs)
