

C8/80/22- Lamb Safe

An alternative to C8/80/15 but with 22cm (9") spacing between the vertical wires, making it ideal for sheep and lambs since the wider spacing helps prevent lambs getting their heads trapped in the fence. This fence is ministry grant approved.

Mild steel stock fence does not need to be strained as tight as high tensile products. This means it is particularly useful if you have lots of turns in your fence as gradual turns can be made off intermediate posts.

Line wires	8
Distance between vertical wires	22cm
Height	80cm
Top and bottom line wires	3.00mm - 695 N/mm ²
Intermediate line wires	2.5mm - 695 N/mm ²
Vertical wires	2.5mm - 415 N/mm ²
Roll lengths available	50m, 100m, 250m
Weight of 100m roll	27kg

SPACING BETWEEN SUCCESSIONAL HORIZONTAL WIRES FROM THE TOP	8 / 80 / 22 ----150mm---- -----6"----- VERTICAL SPACING
